Aircraft Dispatcher Skills Set

The Aircraft Dispatcher Skills Set program is designed to provide the completer with the operational knowledge necessary to pass the FAA Dispatcher Knowledge Test and provide the required documentary evidence (satisfactory to the FAA administrator) of having passed that knowledge test. The satisfactory passage of the knowledge test qualifies the student to complete a practical examination conducted by the FAA or an FAA designated examiner. Satisfactorily passing this practical exam results in certification as an FAA Licensed Aircraft Dispatcher authorized to exercise the privileges of that rating.
