JOB POSTING
Instructor of Math
(Nicholas County Campus)

Summary of Responsibilities:
The primary duties for the successful candidate will be teaching a range of math courses, including foundational math, for New River Community and Technical College. This position is for the Nicholas County Campus but may involve travel to other campuses for day, evening and/or weekend classes. Duties include student advising, recruitment, and retention activities; professional development; college and community service; participation in committee activities; curriculum design and assessment; and other duties assigned by the academic dean.

Position may require travel between campuses.

Education:
Master’s degree in Math or closely related discipline with a minimum of eighteen (18) graduate semester hours in the subject area from a regionally accredited institution is required.

Experience:
Two (2) or more years of full time equivalency of demonstrated teaching experience is preferred. Experience utilizing technology in the classroom and in teaching is preferred.

Reports to:
Dean for Transfer and Pre-Professional Programs

Classification/Compensation:
This is a 9-month term faculty position. Compensation will be commensurate with education and experience.

Candidates must successfully complete a background screening post-offer of employment.
New River Community and Technical College does not offer sponsorship.

Applications:
Only applicants meeting the minimum qualifications will be considered. Submit a cover letter specifying position of interest, Employment Application (found on the Employment Opportunities page of the www.newriver.edu website), and a copy of college transcripts and certificates to the address below. For full consideration, application material must be received by September 21, 2015 at 4:00 p.m.. Position is subject to funding availability and is open until filled. AA/EOE/ADA
