TITLE: Policy on tuition refunds or credits for students called to Active Military Service

RATIONALE: Traditionally, institutions of higher education in the United States have made accommodations to help service men and women who serve their country. In keeping with this long standing tradition, it is the policy of New River Community & Technical College to assist enrolled students who are called to active duty in a national or international crisis and who present a copy of their call-up orders.

POLICY STATEMENT

Non-Title IV financial aid recipients may exercise one of the following options by a request in writing to the Dean of Instructional Services.

When they are released from active duty, they may enroll for courses and use the credit which is on their account, or

3. Students who have attended more than two-thirds of classes scheduled for a course, and have successfully completed the course examinations and assignments to that point, may opt for the grade earned at that point, or full tuition will be refunded and students' schedules for the term of withdrawal will be purged.
