Nikki Gregory Joins New River Information Technology Department

Raevin N. (Nikki) Gregory has joined the Information Technology Department of New River Community and Technical College as a systems programmer. Her office is on New River’s Nicholas County Campus in Summersville. Her position responsibilities include creating customized data extraction procedures so that financial and student data can be routinely used in reports. She is also instrumental in integrating the college’s primary data source (SCT Banner) with various other enterprise-wide systems.
A native of Nicholas County, Gregory received a bachelor’s degree in Computer Science from West Virginia University in 2003. While in college she worked as a summer intern for Verizon in the Charleston, WV office.

Prior to coming to New River, Gregory worked as a computer analyst/developer for ManTech EIC in Hinton. She then moved to Richmond, where she worked for Computer Resource Company and United Network for Organ Sharing (UNOS). She most recently lived in Lewisville, TX, where she was a store manager for lululemon athletica. Gregory says she is pleased to return to her home state and to play a part in the state’s education system.

New River Community and Technical College is part of the West Virginia Community and Technical College System. It serves nine counties in southern and south central West Virginia from four campuses: Mercer County (Bluefield and Princeton), Nicholas County (Summersville), Beckley/Raleigh County and Greenbrier Valley (Lewisburg). Administrative offices are located in Beckley.
