NEW RIVER OFFERS ONLINE COURSE ON PHOTOGRAPHING NATURE WITH YOUR DIGITAL CAMERA

[BECKLEY, WV] New River Community and Technical College has partnered with ed2go to offer hundreds of online, instructor-facilitated noncredit courses and is pleased to announce the launch of "Photographing Nature with Your Digital Camera."

Participants in this course will master taking beautiful outdoor photos of everything from landscapes to specific nature items such as water, flowers, trees, animals, and more. They'll also learn all about digital camera equipment, telephoto photography, and even macro photography.

This course is part of New River's growing catalog of more than 300 instructor-facilitated online courses. Through well-crafted lessons, expert online instruction, and interaction with fellow students, participants in these courses gain valuable knowledge at their convenience. They have the flexibility to study at their own pace combined with enough structure and support to complete the course. Students can access the classroom 24/7 from anywhere with an Internet connection.

New sessions of each course run every month. Courses last six weeks, with two new lessons being released weekly (for a total of 12). The courses are entirely Web-
based with comprehensive lessons, quizzes, and assignments. A dedicated professional instructor facilitates every course; pacing learners, answering questions, giving feedback, and facilitating discussions.
