NEW RIVER GVC STUDENTS MAN BOOTH AT T.O.O.T

[LEWISBURG, WV] Members of the Student Government Association at New River Community and Technical College Greenbrier Valley Campus sold vegetable pitas, water and other menu items during the 2009 edition of Taste of Our Towns (T.O.O.T.) on Oct. 10. The four-hour festival is a major fundraiser for Carnegie Hall, New River’s Academy Park neighbor.

A portion of the profit from the New River booth goes to aid Carnegie Hall, and the Student Government Association uses the remainder to sponsor programs and projects which assist New River Greenbrier Valley Campus students and the community.

The New River Greenbrier Valley Campus SGA sponsors, among other projects, welcome back week refreshments for Greenbrier Valley Campus students; Halloween and Christmas parties for children of students, faculty, staff, and administration; and a Halloween costume competition for the Greenbrier Valley
Campus. They also conduct fundraising projects to aid the New River Community and Technical College Foundation Inc. in providing scholarships.
